Building resilience in ASF through organisational capacity development

With the support of the CSF grant, the project aims to reduce organisational challenges and enhance capabilities of its staff to carry out ASF's mission to address community needs through increased capacity for research, case-based and policy-oriented lobbying.

Project results:

Working with communities and government to end child marriage and early childbearing

Key activities include:

- Conducting consultation meetings with community stakeholders to help design the Yambio County child marriage advocacy plan
- Establishing a coalition with other CSOs and INGOs to carry out and aid the advocacy agenda
- Training of ASF staff to enhance advocacy efforts
