Capacity Development, Advocacy and Constituency Building

With the support of the CSF grant, the project aims to increase IEDI's capacity to engage constructively with authorities and purposefully engage in policy-making processes; and deepen connections with communities in alliance with other actors.

Project results:

Working with communities to deliver humanitarian and development services to the most vulnerable

Key activities include:

- In-house capacity building and advocacy strengthening training
- Enhance advocacy and constituency building efforts
- Focusing on stopping child marriage and early pregnancy in communities
