Organisational Capacity Building and Constituency Development

With the support of the CSF grant, the project aims to standardise and sustain JIPDD organisational capacity especially in advocacy planning in order to mobilise local youth to promote peaceful coexistence, bringing together displaced people, and engaging with policymakers to create a mechanism for land distribution in Bor.

Project results:

Communities moving towards peaceful conflict resolution

Key activities include:

- Community discussions with youth, elders, and local leaders about peaceful cohabitation and land conflicts
- Hosting a radio show with youth and community chiefs on conflict resolution issues
