

Organisation	Kind United for Education and Community Health Organisation (KUECHO)
Grant Window	Yes We Can
Grant Amount	USD 50,000
Country/Region	South Sudan - Rumbek East County, Lakes State

Enhanced Organisational Capacity to Strengthen Community Voices

With the support of the CSF grant, the project aims to increase KUECHO's ability to successfully operate with a strong governance and management in place; and to advocate for their community members to have access to basic services, especially water.

Project results:

Ensuring communities have access to basic services

Key activities include:

- Training of staff members and board of directors on good governance, financial, and human resource management, and effective lobbying
- Training of village WUC committees on water resource management
- Hosting radio discussions about managing shared water resources between community leaders and user committees
