## Capacity Building for Advocacy and Mobilisation

With the support of the CSF grant, the project aims to adopt appropriate results-driven development, management, and governance practices to strengthen organisational capacity for efficient advocacy on behalf of LAM's constituencies.

### Project results:

Providing a safe space for communities to voice their concerns with local authorities

### Key activities include:

- Radio talk show on the negative impacts of early or forced marriage on children
- Advocacy campaign to spread awareness of the importance of girls education
- Three-day workshop with thirty women and youth on the effects of gender-based violence
