Increasing strength and effectiveness of partner CSOs

With the support of the CSF grant, the project aims to increase organisational capabilities of ACDF and partner organisations to efficiently design and implement project and services in an inclusive and participatory manner; and increase coordination among CSOs to be more effective in serving community needs.

Project results:

Strengthening newly founded CBOs and NGOs to make a greater impact

Key activities include:

- Training board members and management staff from 18 ACDF and CSO partners on governance and leadership
- Reviewing and developing governance policy guides for 3 CSO partners
- Training 15 CSO employees in financial, logistics, procurement management, and human resources management; and project proposal and report writing
- Creating strategic plans for 3 CSOs
