Strengthening organisational capacity

With the support of the CSF grant, the project aims to fill gaps in AIRD’s organisational capacity in the areas of financial reporting, project cycle management, and monitoring and evaluation which will contribute to strengthened lobbying activities for equal rights and opportunities for women and girls and tackle barriers to their progress.

Project results:

Empowering women and girls by lobbying local leaders for equal opportunities

Key activities include:

- Training of AIRD staff on QuickBooks financial management system, project management, and M&E
- Conducting a round table discussion on girls education with local chiefs, religious leaders, and women leaders
- Conducting a community discussion on women’s rights to resource ownership with local leaders
- Conducting a community discussion on gender based violence
