CSO's Empowerment Project (CEP)

With the support of the CSF grant, the project aims to increase the organisational capabilities of three CSOs – Jonglei Women Empowerment Programme, Nonviolence Youth Initiative, and Awake for Women and Children Empowerment - in Jonglei county through training, mentorship, and technical support to enable the CSOs to enhance their engagement with community members and decision makers.

Project results:

CSOs with strengthened ties to their community and decision makers

Key activities include:

- Training of partner CSO staff on project management, proposal writing, M&E, financial management, and accountability
- Training of C&D staff on finance accounting software, and supporting board member and council meetings to ensure they effectively perform their mandate
- Investing in human resource development that will translate into effective service delivery to communities
